Complaints

Alp\*Corms of female difficulties attended to with
the leappiest results.

It is hoped no one will despair of a cure until
they have given Madaine H.'s needicine a trial.
During her travels sice has been the instrument, in
Ged's hands, of restoring to health and vigor thousands who were on the verge of the grave, and who
are now living monuments of her skill and successful treatment, and are daily exclaiming, "Blessed
be the day when we list saw and partook of Mad.
Hollard's unrivaled medicines."

Satisfactory references will be cheerfully given
when required. Madame H. will pledge her reputation and stake her all to make permanent cures in
all cases which she undertakes.

Her mode of examination is with a clairvoyant
eye, or second-sight. She, therefore, asks no questions, nor does she require invalids to explain symptoms, telling their cause and location with so much
satisfaction as to merit and receive the confidence
of all who have consulted her.

N. B.—Madame Hollard absolutely advertises
nothing but what she has full ability to perform.

Tersons living at a distance, by giving a statement of their cases, will be attended to promptly,
and medicine forwarded by express, when required.
